I. Executive Summary:

Shree Swanra Integrated Community Development Center (SSICDC) Gorkha is a non-political, non-governmental and non-profit making community based organization established by young and energetic youths in 1987 AD. The Organization has been working continuously since its establishment with the poorest and downtrodden people who are typically the social outcaste, women, children and the disadvantaged group, in general, of different castes and races.

The overall program coverage of the organization are Community Health and Sanitation education, Maternal and Child Health Mobile clinic in coordination with DPHO(District Public Health Office), Sub-Health post, Health Post, conflict transformation and peace building, drinking water supply and sanitation, adult and child education, women empowerment, micro finance, farmers managed irrigation, income generation through agriculture and forest resource management, community managed infrastructures like wooden bridge building, child development, reproductive health, child and women rights, Gender issues and social inclusion.

It is one of the local levels leading NGO that has adopted participatory approaches in working with the marginalized families and communities in delivering developmental program in 56 Village Development Committees (VDCs) of Gorkha district. It has the privilege of being a community based, locally recognized for its goodwill and the image within the community. Presently the organization has an executive committee of 7 members and 56 general members in the most inclusive basis.

The organization has accomplished a number of project activities viz. Health and Sanitation Education, toilet construction, MCH mobile clinic in 25 VDCs, Integrated Community Development Program at 8 VDCs, Local Governance and Community Development Program (LGCDP) under DDC and Gorkha Municipality in Gorkha, Emergency Response Projects with the support of Save the Children International, Lutheran World Relief (LWR), Care Nepal in different VDCs of district.

Also the organization has implemented Hariyo Ban Program with the partnership of WWF Nepal funded by USAID, Hariyo Ban Program with the partnership of CARE Nepal funded by USAID, Hariyo Ban Program/ Windows of Opportunity with the partnership of WWF Nepal funded by USAID, Improved Cooking Stove Program with the partnership of DDC Gorkha/ AEPC, Emergency Response Programs with the partnership of CARE Nepal, Save the Children and Lutheran World Relief, Catholic Relief Services, United Nation Development Program (UNDP) and Poverty Alleviation Fund Program.

2. Background:

On 25 April 2015, a 7.8 magnitude earthquake struck Nepal with its epicenter in Gorkha District, around 81 km northwest of the country capital, Kathmandu. The earthquake struck on Saturday at 11:56 local time when schools were not in session. The catastrophic earthquake was followed by more than 60 aftershocks greater than magnitude 4.0 by May 12 when a second 7.3 magnitude earthquake occurred on the same fault as the first but further east in Dolakha District. In some areas the second earthquake caused more damage than the original as it caused previously damaged buildings to collapse. In total more than 300 aftershocks greater than magnitude 4.0 and four aftershocks greater than magnitude 6.0 have been recorded to date. As of 7th July 2015, the Government of Nepal reported 8,712 deaths and 22,493 injured people. It is estimated that the

earthquake affected 8 million people (over one third of Nepal's population) in 39 districts, in four of the five development Regions of Nepal (Far Western region has not been affected).

There are 14 most affected (priority) districts, namely Gorkha, Bhaktapur, Dhading, Dolakha, Kathmandu, Kavrepalanchok, Lalitpur, Makwanpur, Nuwakot, Okhaldhunga, Rasuwa, Ramechhap, Sindhuli and Sindhupalchok.

Immediately after the earthquake, SSICDC, Gorkha set up an Emergency Response Activities in different sectors. After the earthquake schools were badly affected. Most of the school buildings were totally collapsed by the earthquake. It was very difficult situation for government to reopen school and implement the curriculum of the year. SSICDC Gorkha and Save the children signed the agreement under Nepal Earthquake Response Education in Emergency program. SSICDC started to implement emergency response in Education sector from 1 July 2015 to 29 Feb. 2016 partnership with Save the Children under UNICEF/USAID grant. The organization then initiated different activities under livelihood, health, nutrition, shelter, WASH for recovery stage.

3. Objectives:

- To enhance access of vulnerable children to services and facilities
- Ensure children's psychosocial well-being and establish/strengthen child protection systems at VDC/Municipality levels which promote decreased levels of abuse, exploitation, violence and neglect through preventive and response services
- mass awareness
- capacity development
- Reconstruction of core shelters
- Shelter program will contribute to the efforts of National Reconstruction Authority (NRA) by familiarizing beneficiaries on the policy of NRA and safer construction.
- Recover the agriculture assets such as seeds and livestock of earthquake affected HHs.
- Recover the livelihoods & economy of affected People at community level through agro based infrastructure.
- Support to strengthen and diversify the livelihood opportunities of the poorest HHs in order to reinforce their capacities to cope with future shocks.
- Provide durable and sustainable water supply in the communities which are facing severe scarcity of water.
- Empowering the people of community with their active participation in water supply and sanitation project.
- Raising Hygiene promotion behavior to the community.
- Construct household level latrine and provide knowledge regarding handling of the water supply scheme's structures and HH latrine as well.

4. Methodology:

The following succinctly reflects the methodologies approached for accomplishing the project activities:

- Distribution
- Training
- Orientation
- Initiatives
- Meeting
- Radio jingles
- IEC materials
- Group formation/PASSA approach
- Orientation
- Initiatives
- Emergency Support

5. Brief Progress of Projects Activities (FY 2072/073)

5.1: Emergency Response Project-Save the Children

Name of Project	Emergency Response Program	Project Duration: From June 2015 To July 2016	
Name of Donor	Save the Children International	Contact Person:	Mr. Dhurba Devkota

Description	<p><u>Working Area:</u></p> <p>The project has covered 10 VDCs, i.e. Swanra, Takukot, Pandrung, Masel, Deurali Barpak, Aruchanaute, Panckhudeurali, Tandrang and Nareshwor.</p> <p><u>Activities Accomplishments:</u></p> <p>Following are the activities accomplished during the project period :</p> <ol style="list-style-type: none"> 1. Procured materials and established 42 TLCs with ECCD facilities in selected sites. 2. Established water and sanitation facilities and undertook hygiene promotion activities in TLCs. 3. Procured box kits, recreation kits and ECCD kits and student kits for TLCs in all 42 schools. 4. Trained 152 teachers (74 female and 78 male) including head teachers in an emergency education package, including psychosocial support. 5. Reviewed and printed existing education curriculum materials to provide teachers with an emergency education package for use in all TLCs countrywide, including the TLCs that are part of this programme. 6. Community sensitization meetings and trainings on emergency education and establishing TLCs were accomplished. 7. Coordinated with other sectors and ensure referral of child protection, health and shelter cases for children are passed on and addressed 8. Established complaint mechanisms and conduct trainings for community, children and SMC/PTA 9. Community engagement to establishment TLCs 10. Psychosocial Support and Use of Teaching Learning Materials was accomplished. 11. 450 most marginalized children identified and supported through referrals and conditional cash assistance 12. Key staff of Save the Children and partners are trained on referrals, child protection principles 13. 90 Teachers trained on referral, positive Humiliating Punishment discipline and Physical. 14. 9 parents groups (90 people) are established and provided with psychosocial support and orientation on Child Protection. 15. 9 VDCs have established spaces to provide safe space and PSS to children at risk and families 16. 600 existing construction masons had enhanced their skills and knowledge in building back safer constructions 17. Training of Trainers (ToT) on Earthquake Resistant Safer Shelter Construction for Engineers and Technicians 18. 1635 metal bins distributed at Pandrung, Swanra and Barpak VDCs. 19. Unconditional cash transfer to most vulnerable households (HH receiving social security allowance) at 9 VDC, 2599 HHs and 7500/- each HHs 20. Market recovery support for 82 small traders at 2 VDCs, 30000/- per trader 21. 16 schemes for Cash for work at 5 VDCs accomplished. 22. Financial support to 579 HHs for business startup.

5.2: Emergency Response Project-Lutheran World Relief (LWR)

Name of Project	Earthquake Response in Gorkha	Date from: June 2015	To: July 2016
Name of Donor	Lutheran World Relief(LWR)	Contact Person:	Mr. Michael Watt
Description	<p>Working Area: Jaubari VDC Activities Coverage: The following illustrates the short description of project activities:</p> <ol style="list-style-type: none"> 1. 9 Small Irrigation canal Maintenance 2. Live-stock and agriculture support for 200HHs with varieties of training 3. 36 Cash for Work activities. 4. Prepare 9 DRR plan in the project VDC 5. Support on 100 Permanent building construction. 6. Media Awareness. 7. Emergency Material Support. 		

5.3: Livelihood Stabilization and Enterprise Recovery (LSER) - United National Development Program (UNDP)

Name of Project	Livelihood Stabilization and Enterprise Recovery(LSER)	Date from: April 2016	To: December 2016
Name of Donor	United National Development Program(UNDP)	Contact Person:	Mr. Uttam Shrestha
Description	<p>Working Area: Barpak, Gumda, Harmi, Jaubari, Gorkha Municipality 4 VDC Activities Coverage: The following illustrates the short description of project activities:</p> <ol style="list-style-type: none"> 1. Participatory Rural Appraisal (PRA)). 2. Entrepreneurship development orientation and gender & social inclusion activities 3. Technical skill development training activities. 4. Enterprise Start up support (Appropriate Technology, tools and material distribution. 5. Construct common facility center (7 CFC) 6. Facilitate for access to financial services provided community. 7. Providing Marketing and Business Counselling Support Activities. 		

5.4: Gorkha Earthquake Recovery & Resilience Project (GERRP)

Name of Project	Gorkha Earthquake Recovery & Resilience Project (GERRP)	Date from: April 2016	To: July 2016
Name of Donor	Catholic Relief Service (CRS)	Contact Person:	Sanod Shrestha

Budget (NRs.)	4240800		
Description	<p>Project Area: The project has covered Tandrang, Aaruchanute, Aaruarbang, Thumi, Manbu & Lapu VDCs of Gorkha District.</p> <p>Major activities coverage: SSICDC has implemented GERRP in three themes like Shelter, WASH & Livelihood at six VDCs. The major activities are as follows:</p> <ul style="list-style-type: none"> • Coordination of line agencies and stakeholders • Prepared documentation for project implementation approval. • Different types of assessment support on different level under three themes • Prepared implementation plan and sharing line agencies • Enrollment Support on 5774 HHs of six VDCs. • 67 nos. Community Reconstruction Committee (CRC) formation in six VDCs • Conducted one Public hearing 		
		 <p><i>Orientation for enrollment Support at Aaruarbang VDC</i></p>	 <p><i>Enrollment Support at Aaruarbang VDC</i></p>

5.5. Local Governance and Community Development Project (LGCDP)

Name of Project	Local Governance and Community Development Project (LGCDP)	Date from: 2072, Sharwan	To: 2073, Ashad
Name of Donor	District Development Committee (DDC), Gorkha	Contact Person:	Sundarshan Khadka
Budget (NRs.)	339000		

Description	<p>Background: Government of Nepal launched LGCDP program all over the country to bring tangible change in local governance and community development process. Taking the aims to improve the living standards of the people through community led development, efficient service delivery, good governance and right based approach. SSICDC Gorkha has implemented the LGCDP program in 10 VDCs of the Gorkha district with Livelihood Improvement Plan and Small Infrastructure Development Program (SIP) implementation.</p> <p>Project Area: The project has covered Tandrang, Aaruchanute, Aaruarbang, Thumi, Baguwa, Dhawa, Borlang, Chunchet, Chhekampar and Aarupokhari (10) VDCs.</p> <p>Major activities coverage: The major activities are as follows:</p> <ul style="list-style-type: none"> • Community Mobilization, • Re-Formation of Ward Citizen Forum and Citizen Awareness Center • Support to Well Being Ranking, Gender Analysis, • Community Resource Mapping • Trainings Conducted • Conducting reflect class on CAC • 5 nos. Prepared Livelihood Improvement Plan (LIP) and implementation • 6 nos. Small Infrastructure Development Program (SIP) implementation

5.9 Emergency WASH Support to Vulnerable Earthquake Affected Communities in Nepal

Name of Project : Emergency WASH Support to Vulnerable Earthquake Affected Communities in Nepal	Project Duration: 1 st December 2015 to 15 August 2016
Name of Donor: CARE Nepal/ ADA Austria	Contact Person: ED, Sitaram Shrestha
Budget: Nrs. 3,588,651.00	Thematic Area : WASH

Description	<p>Background: After the mega earthquake of the 25th April there is destruction of personal structure as well the public infrastructure. School, Health facility, VDC building, & other public service. From this earthquake drinking water supply scheme of the epicenter of 25th April mega earthquake Barpak. So SSICDC & Care work together to revive the damaged water supply Scheme. In this program we reconstruct the drinking water supply scheme of Barpak & Gumda. In this program we conduct various types of awareness raising activity on Hygiene promotion. We organize different types of activities to raise awareness on GBV as cross cutting.</p> <p>Project Area: The project has covered Barpak and Gumda (2) VDCs.</p> <p>Major activities coverage: The major activities are as follows: (FGD)focal group discussion about health, hygiene and sanitation, Menstrual hygiene management training, Training to make domestic sanitary pad, Kitchen waste management, Dissemination of six key message, IEC materials, Establishment of hording board in public area, Formation of calendar with six key message, Celebration of women's day, Celebration of world environment day, Street drama, Orientation program to wash circle, Orientation program to the masons about earthquake resistance latrine construction, water supply and sanitation, WASH-CC member about health and hygiene, Formation of calendar with six key message of hygiene promotion, Mobilizing the ward WASHCCDistrict level WASH minimum to gender, orientation on wash and Gender:5 minimum commitment, E/W excavation of pipe line, back filling and dismantle of old RVT in Gumda Yamgaun, E/W excavation of pipe line, laying and backfilling also construction of one new tap stand in Lopsiboot Gumda, Rehabilitation on water supply schme of Gumda, Barpak water supply, Distribution of latrine materials to the Vulnerable people.</p>  <p>Barpak water supply project during intake construction</p>
-------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

5.10 Nepal Earthquake Response Program Appeal Phase- II

Name of Project : Nepal Earthquake Response Program Appeal Phase- II	Project Duration: 1 st Jan 2016 to 15 th March 2017
Name of Donor: CARE Nepal/ DEC-II	Contact Person: ED, Sitaram Shrestha
Budget: Nrs. 3,588,651.00	Thematic Area : WASH
Description	<p>Background: After that divesting mega earthquake SSICDC launched earthquake response program in collaboration with CARE. SSICDC & CARE works for the victims of earthquake in different sector such as Shelter, WASH, FSL, SRMH and GBV. One of the most important and essential field after the disaster was WASH. From this divesting earthquake most of the drinking water supply system was damaged. The rehabilitation of drinking water system is most essential task. We also pay attention on the proper sanitation and hygiene. So we planned to conduct various types of hygiene promotion activities. According to the different types of research in disaster the vulnerability ratio of women & girl was high so we include the GBV as an important component of our program. We planned to conduct awareness raising program to the stakeholders also.</p> <p>Project Area: The project has covered 4 VDCs (Laprak, Gumda, Kashigaun & Chhoprak) of Gorkha District</p> <p>Major activities coverage: The major activities are as follows: Survey of Drinking Water Scheme, Conduct FGD with affected community with Focus on women, Construction of Community Latrine at IDP camp, Distribution of Latrine Kit, Distribution of IEC materials, WASH Orientation at WASH Circle, MHM orientation to adolescence's girls, Domestic waste management training, Regular Follow up Meeting of FGD, Regular Follow up meeting of self-help group Discussion on the important of citizenship and vital registration. We mainly discuss on Domestic violence, patriarchy, rape, Child marriage, human trafficking, sexual abuse, Sex & gender, Gender based violence, Violence & discrimination, equality & equity, Orientation on GBV to adolescence girls & boys at School;, Referral Service</p>  <p>Constructed latrine at Laprak</p>

5.11 Gorkha Food Security and Livelihoods Support Programme

Name of Project: Gorkha Food Security and Livelihoods Support Programme	Project Duration: December 2015 – November 2016
Name of Donor: CARE Nepal/ICDF Taiwan	Contact Person: ED, Sitaram Shrestha
Budget: 20,358,626 USD	Thematic Area : Livelihood
Description	<p>Background: The aim of the proposed project is to "meet the immediate and medium-term food security and livelihood needs of the most vulnerable earthquake-affected households in Gorkha district. This will be achieved through the implementation of mutually reinforcing interventions that support at least 850 disaster affected households (HHs) to recover their livelihoods and establish coping mechanisms to meet their food security by the end of the project.</p> <p>Project Area: (1) The project has covered Chhoprak, Gankhu, Harmi and Khoplang VDC of Gorkha District</p> <p>Major activities coverage: 1). Implementation of conditional voucher system to supply agricultural inputs (e.g. vegetable seeds, spices etc.) to vulnerable farmers thus reinstating their production capacities and resuscitating input supply systems 2). Distribution of agricultural tools to vulnerable farmers 3). Distribution of livestock (1 Goat or 2 Piglets) to vulnerable farmers 4). Provision of industrial construction inputs to small livestock farmers and delivery of capacity trainings on shed construction and improved animal rearing practices to targeted vulnerable farmers 5). Establishment of Rain Water Harvesting Ponds for productive purposes 6). Provision of cash for work opportunities to support the construction of agriculture infrastructure (4,000 working days) while enabling able-bodied vulnerable food insecure households to meet their daily food consumption needs 7). Construction of collection centers to enhance linkage to markets 8). Training of collection centre committee members on collection centre management and licensing of agro- input shops and 9). Exposure visits of committee members.</p> <ul style="list-style-type: none"> ▪ According to the final evaluation report, almost 79% of the households among supported in the selected VDC have improved food security condition. ▪ 64% of households report improved livelihoods by the end of the project. Consumption of diversified vegetable and nutritious food at household level has increased by 64% by the end of the project

5.12 MoFA (Lux) Nepal Earthquake Recovery Response and Restoration Program

Name of Project MoFA (Lux) Nepal Earthquake Recovery Response and Restoration Program	Project Duration: 5 Feb 2016 – 30 June 2017
Name of Donor: CARE Nepal/MoFA (Luxembourg)	Contact Person: ED, Sitaram Shrestha
Budget: Nrs. 15,563,60	Thematic Area : WASH, SRMH, GBV
Description	<p>Background: After the occurrence of devastating Earthquake in Gorkha district on 25th April 2015 and subsequent aftershock, Ministry of Foreign Affairs (MOFA) Luxembourg aims to restore and improve the access to various services for mankind to reduce the mortality and morbidity rate of women of reproductive age and Vulnerable groups, resulting from cross cutting issues on Gender based Violence (GBV), Sexual Reproductive and Maternal Health (SRMH) and Water Hygiene and Sanitation (WASH) emergencies in Gorkha through CARE Nepal Gorkha and partner organization Shree Swanra Integrated Community Development Centre (SSICDC) of Gorkha.</p> <p>Project Area: The project has covered Harmi, Gankhu, Simjung, Barpak, Laprak, Uhiya of Gorkha District</p> <p>Major activities coverage:</p> <ul style="list-style-type: none"> • Orientation to the participants on sex and Gender along with Gender mainstreaming, status of GBV in Gorkha district and legal provisions of GBV (four Key Messages) in Nepal, GBV in Emergency response recovery, referral mechanism of GBV issues, relation of GBV with WASH and SRMH issues & equity, Orientation on GBV to adolescence girls & boys at School • Capacity building training on formation and working modalities of VWASH committee members, roles and responsibilities of WASH committee members, several components of Water Sanitation and Hygiene. • Orientation on difference between Hygienic and unhygienic conditions for drinking water, Water purification and treatment techniques and procedures, proper use of Piyush for water treatment and its benefits and harm on misuse. <div data-bbox="979 1249 1485 1626">  </div> <p>Mass Awareness rising to Adolescent Girls</p>

5.13 Emergency Response Program

Name of Project: Emergency Response Program	Project Duration: 1 st May 2015 to 31 st October 2015
Name of Donor: CARE Nepal/AusAid, DFID, HC, IOM, UK Appeal. NPJR, CARE, USPF, SHO	Contact Person: ED, Sitaram Shrestha
Budget: Nrs 780,688.00	Thematic Area: Distribution and Awareness
Description	<p>Background:</p> <p>April 25, 2015 came as the most horrible day for the people of Gorkha where 15 VDC people of Northern part of the Gorkha got tremendously affected. Many people died because of destruction of houses and roads. Not only people got killed, but also the cycle of their livelihood got fully interrupted. People loss their family, residence, crops, livestock, business, and even their trek to travel. As a quick response, SSICDC in support of many organizations went to the field to assist those affected people though there were many hurdles. SSICDC kept the humanity at first to assist and support the people in Gorkha District. It, as usual, remained one of the leading organizations to work for the sake of people. To assist the victimized and affected people of Gorkha District, it got the strong support from CARE Nepal- District office Gorkha.</p> <p>Project Area:</p> <p>The project has covered Chhoprak, Deurali, Gankhu, Gorkha, Khoplang, Mirkot, Barpak, Deurali, Gankhu, Gumda, Laprak, Saurpani, Deurali, Dhuwakot, Simjung, Palungtar Municipality</p> <p>Major activities coverage:</p> <p>Distribution of :-</p> <ul style="list-style-type: none"> • CGI to 2017 HHs, Hygiene Kit to 3940 HHs, Kitchen set to 3315 HHs, • Paddy Seed to 2858 HHs, Compoit pack/ Super Pack to 5000 HHs, • Plastic tunnel 800 pcs, Tarps to 6981 HHs, NFI Kit to 1074 HHs, • Fixing Kit to 3100 HHs, Bamboo to 2185 HHs, Blanket to 1775 HHs, • NFI Family Kit to 1795 HHs, Temporary Toilet Set to 169 HHs, • Unconditional Cash Distribution to 1434 HHs

6. Emergency Shelter Intervention to increase the resilience of earthquake affected households against extreme Winter Weather, Mainstreaming GBV prevention

Name of Project: Emergency Shelter Intervention to increase the resilience of earthquake affected households against extreme Winter Weather, Mainstreaming GBV prevention	Project Duration: 1 st December 2015 to 15 th March 2016
Name of Donor: CARE Nepal/ CARE Nepal/ UKAID	Contact Person: ED, Sitaram Shrestha
Budget: Nrs 2,216,250.00	Thematic Area: Distribution and Awareness
Description	<p>Background:</p> <p>After that divesting mega earthquake SSICDC launched emergency response program in collaboration with CARE. SSICDC & CARE works for the victims of earthquake in different sector such as Shelter, WASH, FSL, SRH & GBV. One of the most important and essential field for the emergency period is shelter. From earthquake most of the people of the district lose their shelter and living at temporary shelter in difficult and critical situation. According to the climate of Nepal there is different season. The people who affected by earthquakes life was become more critical in winter season because in this season there was snowfall in hilly area of district so we launched the winterization program for the victims which help them protect from cold and safe their life.</p> <p>Project Area:</p> <p>The project has covered 6 VDCs (Barpak, Laprak, Uhiya, Keraunja, Saurpani, Gumda) of Gorkha District</p> <p>Major activities coverage:</p> <p>PASSA ToT, ToT of Gender based violence, Distribution of Shelter winterization Materials, Distribution of Winterized NFIs, Metallic Stove With Chimney Set Distribution, Outreach and community activity awareness activities, Formation of PASSA Group.</p> <p>These Outcome of the PASSA activity is awareness raising on the issue of shelter safety, develop their knowledge about the hazards which affect the shelter safety, know about the cause which make our shelter weak and community people know the solution of problem & prepare a plan from community level for the improvement of shelter safety. By conducting this 8 PASSA activity the 401 member of 11 PASSA group discuss with other community people & raise awareness on shelter safety.</p> <div data-bbox="1043 1200 1495 1541">  </div> <p>PASSA member engage in group work</p>

5.14 SHO (Samenwerkende Hulp- Organisaties)

Name of Project: SHO (Samenwerkende Hulp-Organisaties)	Project Duration: Sept, 2015 – Dec, 2016
Name of Donor: CARE Nepal/ Dutch – SHO	Contact Person: ED, Sitaram Shrestha
Budget: : Nrs. 7,611,850	Thematic Area: Food Security and Livelihood
Description	<p>Background:</p> <p>After that divesting mega earthquake SSICDC launched emergency response program in collaboration with CARE. SSICDC & CARE works for the victims of earthquake in different sector such as Shelter, WASH, FSL, SRH & GBV. One of the most important and essential field for the emergency period Food Security and Livelihood upliftment. From earthquake most of the people of the district lose their Food and income resources.</p> <p>Project Area:</p> <p>The project has covered Barpak, Laprak, Gumda, Muchchok, Uhiya, Kerauja & Kashigaun of Gorkha District</p> <p>Major activities coverage:</p> <p>Seed/Sapling Support for cardamom Cultivation-60,000 sapling for Farmers Group, Training and orientation for farmers on tomato/ vegetable production under Polyhouse (2 days training for 800 farmers), Kitchen garden training (1 day practical training to 45 Farmers Group), Formation and registration of agriculture cooperative for input and supply management (3 cooperatives), Formation, logistic support and capacity building of Farmers Group on group management and leadership (for 45 FGG), Training and orientation on basic cooperative education including benefits of joining in cooperative at group level (for 45 FGG), 3 days ToT (Training of Trainers) on Vegetable farming package, Value Chain analysis and Market Systems mapping of Vegetable sub-sector Validation Workshop, Practical Assessment & Efficient Cultivation Training for Semi-Commercial Vegetable Farming: 5 events, 3 days each, Insect pest management training (45 farmers groups), Post harvest and market management training for vegetables farmers(45 farmers, Sixteen (16) Weeks farmers field school(FFS- Kashigaun), Exposure visit of model farmers for 3 days for 45 participants to the commercial blocks and managed collection centre and well develop marketing area.</p> <div data-bbox="1013 1034 1485 1417">  </div> <p>Plastic house construction training</p>

5.15 Female Friendly Space in Gorkha

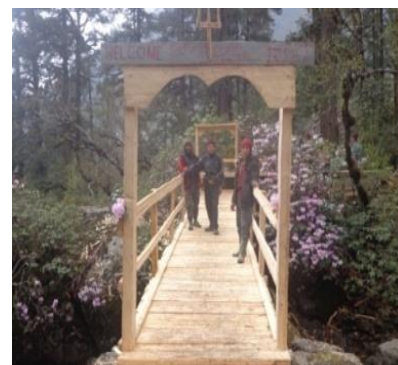

Name of Project: Female Friendly Space in Gorkha	Project Duration: 1 st January 2016 to 30 th June 2016
Name of Donor: CARE Nepal/UNFPA	Contact Person: ED, Sitaram Shrestha
Budget: : Nrs. 7,611,850	Thematic Area: Psycho-Socio Counseling, Social Security, Empowerment, GBV, MHM
Description	<p>Background:</p> <p>April 25, 2015 as a part of social responsibility to overcome the shocking terror of earthquake, SSICDC in support of many organizations went to the field to assist those affected people though there were many hurdles. SSICDC kept the humanity at first to assist and support the people in Gorkha District. SSICDC as a leading organization in support of Donor Organization and stakeholders launched psychological counseling programs in Barpak, Laprak, Simjung, Gumda, Saurpani because these VDC were tremendously affected from earthquake and there were high possibilities of incensement of sexual assaults, GBV, child abuse etc. It was necessary to launch this program because some of the cases of assaults and violence were seen and the cause behind it was mental pressure and evil natured people who wanted to get illegal benefit during trouble.</p> <p>Project Area:</p> <p>The project has covered Barpak, Laprak, Simjung, Gumda, Saurpani of Gorkha District</p> <p>Major activities coverage:</p> <p>As people got massively affected, and lack their shelter, hence resulted the insecurity violence, sexual assaults, Gender based violence, SSICDC presented itself to support the people via counseling. The aim of SSICDC via this program is to bring social harmony among the people via respecting each-other. Bringing harmony via respect to each individual can be achieved via psychological counseling. in coordination with Governmental Organizations, local organizations and stakeholders, donors and other supporting organizations and people via massive mobilization of volunteers.</p> <p>Psychosocial Counseling, Awareness-raising, Recreational, Counseling & Food Support, Counseling for GBV, Home visit, Mother Group Education, Orientation, Referral, Adolescence Activities, Awareness raising, Health education, Orientation were accomplished in targeted VDCs</p> <p>Female-Friendly Spaces Activities : 1008 Beneficiaries</p> <p>GBV Referrals (only for GBV survivors that were provided services in FFS by PSC, CM and Outreach workers): 22 Cases</p> <p>PFA/Outreach Activities: 4169 Beneficiaries</p>

5.15 Reproductive Health and Gender Based Violence Program in Gorkha District

Name of Project: Reproductive Health and Gender Based Violence Program in Gorkha District	Project Duration: 25 th April 2015 to 31 st Dec 2015
Name of Donor: CARE Nepal/UNFPA	Contact Person: ED, Sitaram Shrestha
Budget: : Nrs. 7,941,176.00	Thematic Area: SRMH, GBV and Protection
Description	<p>Background:</p> <p>On 25th April 2015, a 7.8 magnitude earthquake hit Nepal. Many aftershocks followed, and a second 7.3 magnitude earthquake on 12th May caused further destruction. Initial relief efforts started immediately in Kathmandu and Lalitpur Districts with the focus quickly shifting to more severely affected areas in Gorkha, Sindhupalchowk, Lamjung and Dhading. Special consideration has been given to the needs of women and girls whose specific needs add to their vulnerability in disasters. They are at greater risk of facing gender-based violence, psychosocial trauma and burdened with additional responsibilities. CARE is addressing the specific needs of women through distribution of hygiene kits, reproductive health kits as well as disseminating messaging and referrals on SGBV issues in partnership with local women's organizations.</p> <p>Project Area:</p> <p>The project has covered Simjung, Saurpani, Barpak, Laprak and Gumda of Gorkha District</p> <p>Major activities coverage:</p> <p><i>Free distribution of medicine:</i> Symptomatic and general treatment was done in the camp. So the medicines were distributed as per the doctor prescription. All the basic and necessary drugs were distributed on free of Cost</p> <p><i>Health education corner and adolescent corner:</i> Educating Adolescent age group is major agent of the reproductive health camp. So, 1089 adolescent group and women were educated on sexual and reproductive health. Various awareness raising Broachers, pamphlets and posters were distributed through the RH camp.</p> <p>Awareness programs related MHM, SRMH and MHM were conducted in related VDCs</p>
	 <p><i>Free Distribution of Medicine in RH camp</i></p>

5.16. Hariyo Ban Program

Name of Project	Hariyo Ban Program	Date from: 2072, Sharwan	To: 2073, Ashad
Name of Donor	WWF Nepal / USAID	Contact Person:	Arjun Kumar Tamang
Budget (NPR.)	29517265		
Description	<p>Background: The Hariyo Ban Program, funded by USAID and implemented by a consortium of WWF, CARE, NTNC and FECOFUN with WWF as the lead, aims to reduce adverse impacts of climate change and threats to biodiversity in Nepal. It works on three core interwoven components - biodiversity conservation, sustainable landscapes and climate change adaptation with livelihoods, gender and social inclusion being important cross cutting themes. Hariyo Ban Program is being implemented in two landscapes of Nepal - Terai Arc Landscapes (TAL) and Chitwan-Annapurna Landscape (CHAL), complemented by enabling policy support at the national level. SSICDC Gorkha implemented the program in Gorkha district from June 2013 with the support of WWF Nepal.</p> <p>After the mega earthquake 2072 B.S., SSICDC was smoothly implementing Regular program and Green Recovery Program under Hariyo Ban Program with the support of WWF Nepal.</p> <p>Project Area: The project has covered 17 VDCs and one Gorkha Municipality of Gorkha District (Gorkha Municipality, Deurali, Mirkot, Khoplang, Chhoprak, Gankhu, Shreenathakot, Nareswor, Taple, Masel, Takukot, Takukot Lakuri Bot, Jaubari, Muchchok, Simjung, Ghychook, Saurpani, Barpak VDCs).</p> <p>Major activities coverage: The major activities are as follows:</p> <ul style="list-style-type: none"> • Community Mobilization • Agriculture tools distribution to 600 HHs of darudi watershed area. • foot trails maintenance under cash for work activity. • Irrigation cannel maintenance • Land slide management (2 nos.) • Goat support to 143 HHs under LIP Recovery support. • 4 nos. water resources conservation support. • M/ICS installation support to 1452 HHs • Support to 12 nos. dibrage removable • Joint monitoring visit of stakeholders • Micro-Hydro Recovery support • Tourism foot trail and Wooden bridge Recovery support • Home stay recovery support at barpark • Life skilled training support • School Water supply and Sanitation support • Water supply Recovery support 		

6.0 Trainings Conducted By SSICDC:

S.N.	Course Title	No. of Training	Participants			Funding Agency
			Male	Female	Total	
1	House wiring training	5 days			25	LWR
2	Training on market mapping and and market linkage.	3 days			31	LWR
3	Search and Rescue Training	3 days			25	LWR
4.	Gender Sensitivity Training for Water User Group	21	26	326	532	Fund Board/ World Bank

39.	Computer Software Training	3 months	16	16	32	"
40.	Basic Social Mobilization training	3 days	3	10	13	LGCDP
41.	Reflect Training	3 days	3	10	13	LGCDP

S.N.	Course Title	No. of	Participants			Funding
42.	Local Level Planning training	3 days	3	10	13	LGCDP
44.	Stove master Training	8 days			12	WWF Nepal/ USAID
45.	Literate Volunteers	3 days			103	DEO, Gorkha
46	Mushroom cultivation training	3 days			40	DDC, Gorkha
47	Mushroom cultivation training	3 days			17	WWF Nepal/ USAID
48	Bee Keeping Training	7 days			51	WWF Nepal/ USAID
49	Biodiversity Conservation and Good Governance workshop	1 day			75	WWF Nepal/ USAID
50	Gender Responsive Budget orientation	1 day			125	CARE Nepal/ USAID
51	Mainstreaming training on CAPA and biodiversity conservation orientation	1 day			125	CARE Nepal/ USAID
52	Agriculture Training	3 days			30	LWR
52	Live-stock support Training	5 days			65	CARE
53	Training to farmers for plastic tunnel construction	5 days			112	CARE
54	Mason Training	5 days			90	LWR
55	DRR Training	5 days			250	LWR
56	Rapid Response Training	5 days			90	CARE/UNFPA
57	Reproductive health camp	3 days			4000	CARE/UNFPA

7.0 Monitoring and Evaluation:

Monitoring and evaluation are the key components to run the project strictly and effectively as per the plan and objectives to attain its goal. Monitoring before, during and after the cash distribution is essential to ensure the utilization of cash in temporary shelter construction. Evaluation, on the other hand, provides the succinct idea regarding whether the project activities are towards its objectives or not. Also evaluation helps to prepare the most effective plan for the further action.

The organization has taken every measures regarding monitoring and evaluation during cash distribution to achieve defined objectives of the project. Mr. Sita Ram Shrestha (Executive Director-SSICDC), Program Managers, Executive Board Members, Donor's and VDC secretary from government part has frequently monitored the project activities to make the distribution activity project more effective and reliable. The staffs adjusted in this project have also played a fundamental role in monitoring during the project implementation period.

8.0 Issues, Opportunities, Challenge and lesson learned:

Issues:

The project has addressed the most contemporary issues including the followings.

- I) The problem of temporary shelter has solved.
- II) The helplessness feeling of the public has reduced to some extent.
- III) It has promoted in food security for many affected peoples.

Opportunities:

Several opportunities have been brought forward by this project and these can be stated as under:

- I) NGOs goodwill and image towards the public will be rapidly risen.
- II) Its service area will be broadened.
- III) The new experience regarding the emergency response will be availed.

NGOs goodwill and public image, its current programs and very good relations among concern stakeholders support to implementation the program smoothly and rapidly growing community awareness towards natural resources and biodiversity conservation, sustainable landscape management and climate change. Media of Gorkha 4 FM and two local level news papers are broadcasting and printing regularly the news regarding Hariyo Ban Program of Gorkha which supports to build supporting environment for the smooth implementation of the program. The coverage of this FM radios are about all over the Gorkha and 22 districts of Nepal.

Challenges:

The major challenges during the implementation are described below shortly:

- I) Corporal punishment were still prevalent in the committee. Parents were orientated about the good parenting skills and teachers on positive discipline through parents and VCPC initiatives.
- II) Issues of child marriage prevalent. Parents Initiatives and VCPC initiatives incorporated the issues of child marriage to sensitize the issues of child marriage.
- III) Monitoring and sustainability of CSS activity was a challenge. CSS management committee was formed which ensure the sustainability and monitors the effectiveness of the CSS activity

The major challenges to implementation this program mainly for plantation is geographically remoteness; travel in monsoon season to remote rural areas. To address this challenge we adopt the mitigation measure to provide the responsibility to related VDCs field level staffs, social mobilizer and peer educators. Hence SSICDC Gorkha manages full time and a part time staffs nominated to plan, implement, mentor and monitor with backstopping of the program regular basis. Completed activities of the Hariyo Ban Program were distributed by Mega earthquake 2072 like M/ICS installed, cardamom, plantation, IGA, broom grass, bamboo and road side plantation, Plastic

tunnel distribution, and vegetable cultivation, activities etc. Now we are smoothly stating the activities.

To address the challenges come across during the project implementation, we adopted the mitigation measures providing the responsibilities to related VDCs field level staffs, social mobilizers and distributors deploying them in the project VDC. Also, SSICDC Gorkha managed full time and a part time staffs to prepare plan, implement and mentor and monitor the Cash Distribution project more effectively and efficiently.

Lesson learned:

Though, the project was entirely new with different characteristics, we, SSICDC team, accomplished the project sincerely, timely and effectively with perceiving some enhanced lessons which are noted below shortly.

- I) Use of local material like bamboo, wood is better and faster to fulfill the need during emergency.
- II) Playing materials support have played vital role in School's children to make regularity at School and staying full time in School.
- III) It showed that child centered activities are effectiveness to ensure the rights of child by child's own efforts.
- IV) Learning materials developed learning environment then the theoretical methods.
- V) The beneficiary's lists must be verified in advance.
- VI) The distribution plans have to be prepared in actual basis selecting the most comfortable point for the beneficiaries.
- VII) The time table should be prepared for the beneficiaries so that they might not wait for a long time to receive the cash.
- VIII) The enough human resource should be used to speedy work.

Green enterprise development and IGA support program help to reduce the human pressure on the forest. Attention should be gone on conflict between human being and wildlife. Separate business plan should be prepare for each Enterprise and Income Generation Programs. In CAPA or IGA program bee keeping Musroom cultivation activities are the best enterprise because it does not need plot of land and support to promote biodiversity from small scale support.
